SUMMARY: I am passionate about Computer Science, Data, and Machine Learning. My current interests include quantitative investment, data pipelines, and predictive modeling. I am driven, can learn quickly, and a strong collaborator.

EDUCATION

Oregon State University — Corvallis, OR
Honors Bachelor of Science in Data Science — *Sep. 2026 - June 2030*

The American School In Japan (ASIJ) — Tokyo, JP
High School Diploma — *Aug. 2025 - June 2026*
GPA: 4.0/4.0 — SAT: 1560

EXPERIENCE & CERTIFICATIONS

Data Science Associate Certification — June 2026
DataCamp — *Online Examination*
- Self-driven completion of 30 courses (~3 hours each) on the foundations of Data Science, Machine Learning, and related topics
- Completed two examinations involving logic and practical supervised learning

2026 Wharton High School Data Science Competition Participant — April 2026
University of Pennsylvania, Wharton School — *Online Competition*
- Worked in a team of five to analyze and predict match outcomes for a hockey league
- Produced concise visuals to communicate findings
- Received Honorable Mention as a team of five

Communications Internship — July - Aug. 2024
Hillsboro School District — *Hillsboro, OR*
- Facilitated shift of district and school website data to a new management system
- Supported clients in utilizing and navigating new website system
- Collaborated with a diverse group of team members across departments

ACTIVITIES AND VOLUNTEERING

Current OSU Clubs: — Sep. 2026 - Present
- Society of Women Engineers, ACM-W, Mahjong Club, Women in Stem and Research

Jazz Ensemble Lead Member — Sep. 2022 - May 2026
- Performed as lead Tenor Saxophone, Bb Clarinet in school, community performances
- Collaborated with peers for solos and performance preparation

FIRST Robotics Website and Scouting Lead — Jan. 2024 - April 2025
- Re-programmed a React app to collect scouting data on a per-robot, per-match basis that was synced to a "scouting computer" via QR code and later analyzed
- Led a team of 12 scouts per competition
- Redesigned the team's website (HTML) and updated per-season with new information

Hillsboro Youth Advisory Council Secretary — Sep. 2022 - June 2025
- Organized attendance and meeting minutes, sent them out on a timely basis
- Managed communication among 30 peers and fielded questions
- Presented yearly policy and project briefs, frequently participated in city volunteering

TECHNICAL SKILLS

Languages: Python, Java, HTML, CSS, Javascript

Frameworks: React, Streamlit

Developer Tools: Git, VS Code, Conda, Vim

Libraries: pandas, NumPy, Matplotlib

Transferable Skills: Data Analysis, Unsupervised Learning, Supervised Learning, Project Planning, Communication

Relevant Coursework: Intro to Computer Science II, Data Science, AP Computer Science A, AP Econ, AP Calculus BC
